ROBERT ALLEN GILLESPIE

Robert Allen Gillespie was born July 2, 1936, the first child of Jake and Edna Gillespie. He had two sisters, Eugenia and Billie Lou. Bob attended Ashland schools and served in the U.S.A.F. and had a masters degree in accounting from Kansas State University. He and wife Ella Kay (Godfrey) had five children. He died of a heart attack May 28, 1972.

Bob treasured his family life and was involved in everything his children did, whether it be managing a sports team, teaching religion, or just listening and being with them. Bob loved his church and headed recreational and educational teen-age youth groups. He was a member of the Knights of Columbus. We didn't have Bob with us very long, but he left us with the knowledge that it isn't the "quantity" of time that we were together, but the "quality" of the time we spent so very well.
