

Dear friends,

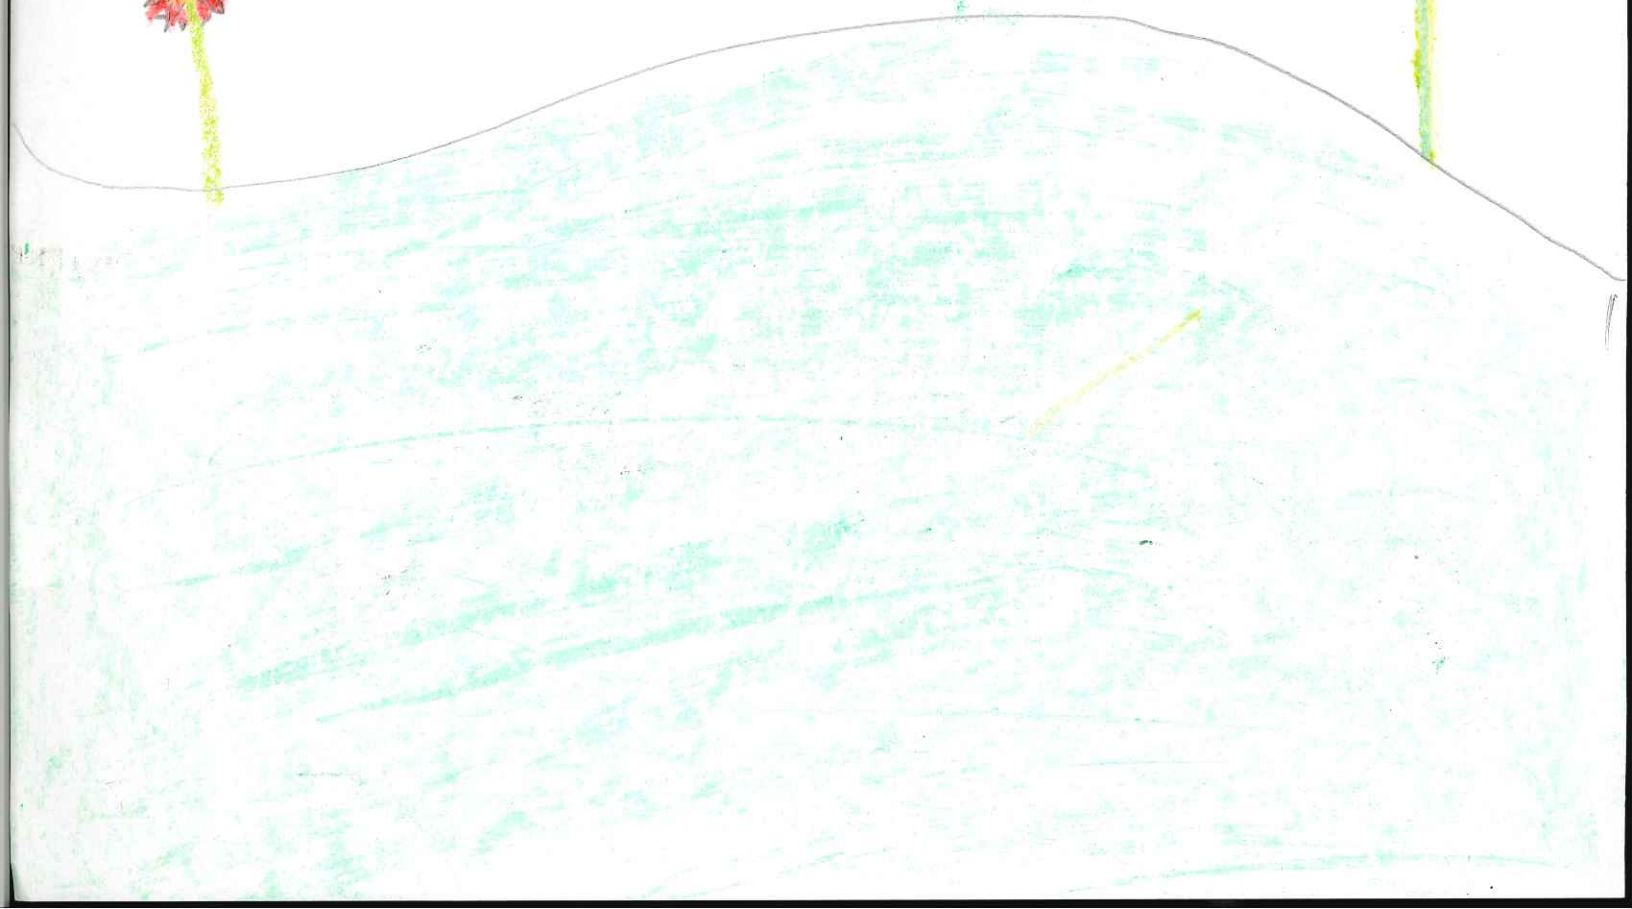

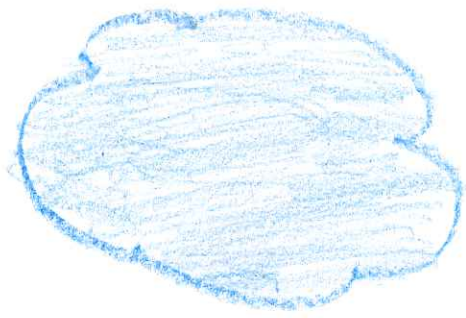

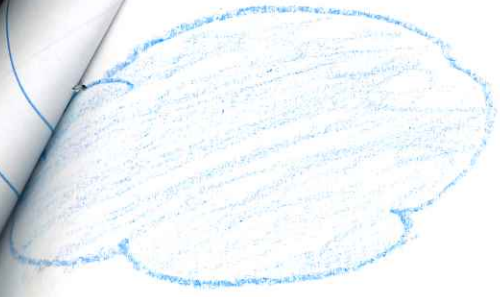

I am so sorry for the things you lost. I wish I had way to give you. I have lived in Kansas for a couple of months, and I think it is a really great, and brave state.

Sincerely,

- Dear Farmers

I'm very sorry for your loss. Thank you for being brave and strong. I'm so sorry you lost your cattle you are a great farmer. I have lived in Kansas for four months. I thank the Black Hawks for saving you and the firemen also. I'm sorry you lost your crops. I know you worked very hard on the crops, for a long time. I'm also so sorry for your horses and chickens and pigs. I'm so glad you're a farmer for Kansas. You are the bravest farmers in the world. I wish we could do hickory, wire and pork. These would keep your cattle in and hay to give your cattle and horses. I'm really sorry we could not give food to you. I hope it gets better for you the cattle, and your family. I have seen the most recent fires and I know it hurts.

Dear Friends

I'm so sorry that everyone in the city of Ashland had to go through a very hurtful moment. I've lived in Kansas my whole life never experiencing what you just have. I will pray for you and even ask to donate supplies in need as well. I mostly wanted to write this letter to let you know it's going to be okay. Thank you for doing as much for us as possible even through the worst.

Sincerely

Thank you for saving the cows.
We wouldn't have protein and
milk. You risked your life for
the cattle. I hope you are doing
okay. If we didn't have you we
wouldn't have meat or the
food we need.

Sincerely,
Devin

Dear Friends

I wanted to write you to let

You know how sorry I am

sorry about the recent fires that

you experienced. It's hard to be hard

to go through. I want you to know that I am

thinking about you and all of those

that are struggling right now. I know

it is hard for you but you will get through it

I am sorry that the baby calves died I

hope you get a new life with those

cows and I hope they make baby calves.

Dear firefighters,

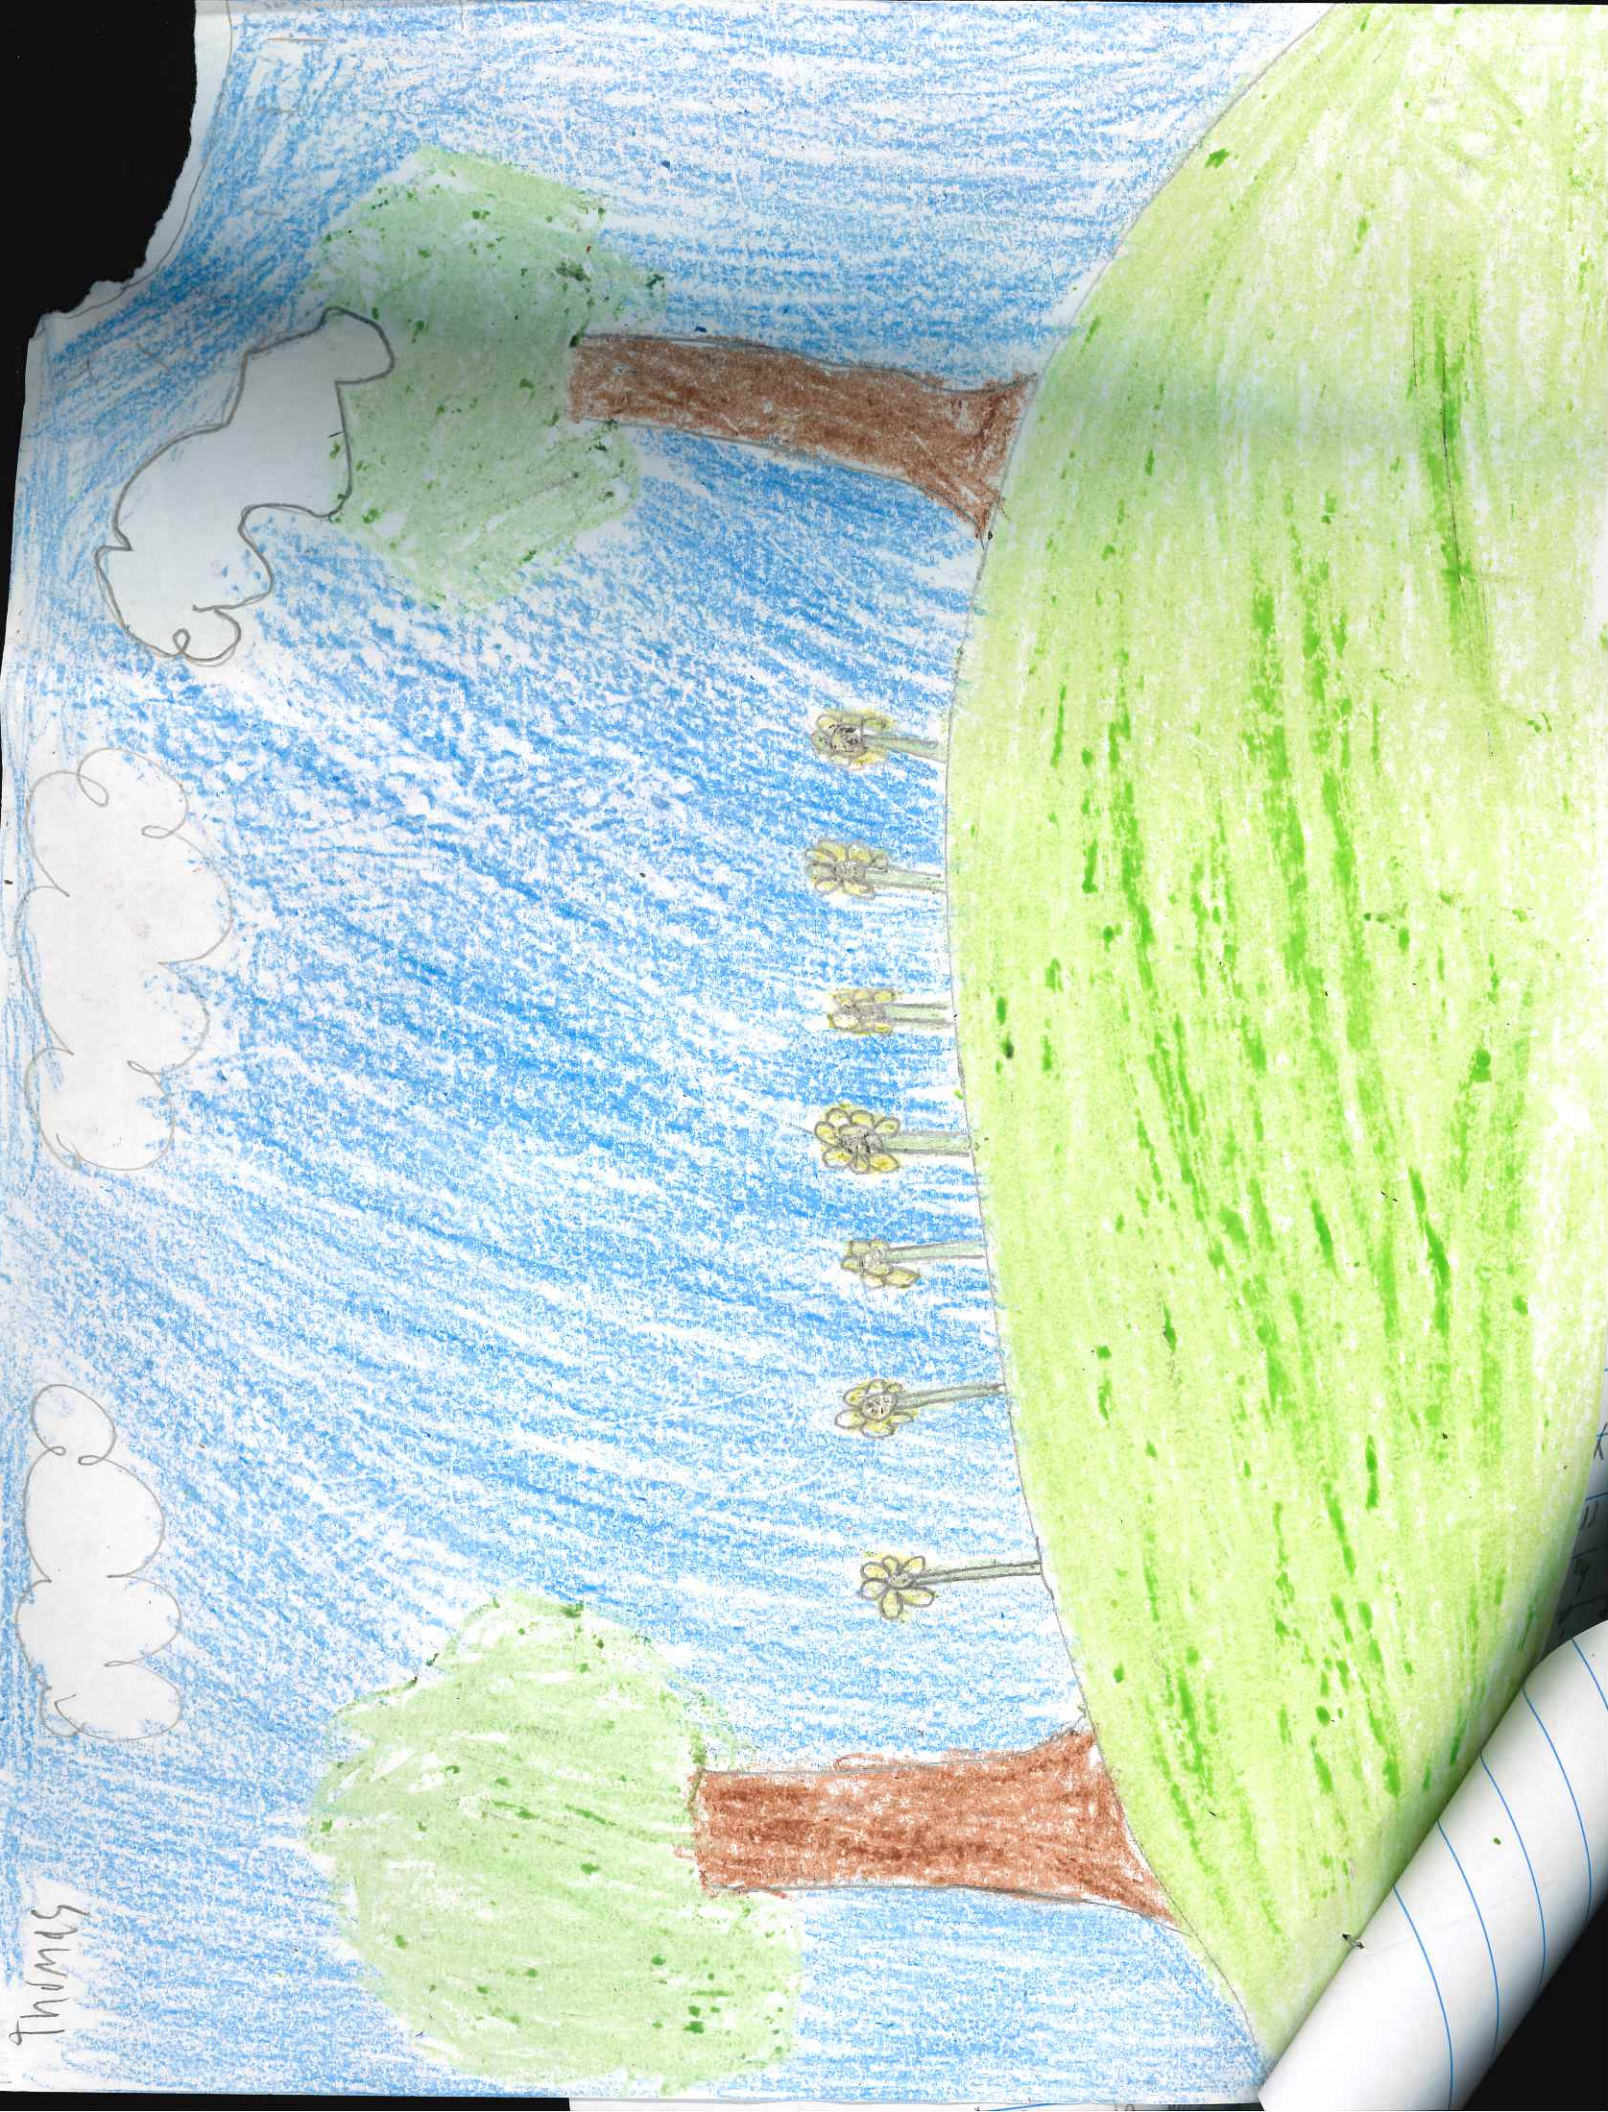

I wanted to take a moment to thank you for putting out the fires south of Garden City and Holcomb. Because you helped put out the fires, you probably save more than 100,000 acres of grass. My family and I are always talking about how brave you were to help put out the fires. One good thing came out of this, it's that the people who were in the fire will be prepared and stronger if this happens again. Thank you again for saving us, cattle, crops, and a lot of land. All of us appreciate what you did to save so many lives.

Sincerely,

Thomas

Dear fire fighters,

I wanted to write you about the recent fires that have happened in our beloved Kansas. I will say that the fires were challenging for you and your friends to put out. I lived in Kansas my whole life and I know it is hard in this rough world. Together, we can take back Kansas by hiring more and more people to put out the fire. I know how hard it is to put the fire out. I know how strong the other firemen are, but you are too. Thank you for what you have done for all of Kansas. May the force be with you my friend! Be really strong like your fellow firemen.

Dear friends

Thank you for protecting
the land and animals. I'm
very grateful for having
you be our heroes. It's
amazing how you put
your lives on the line.
I'd never want the United
States to burn. You've
all been great people because
you know how to
really be strong.

Sincerely, Ayden
