

Dear farmers

I like the animals that you have they are soooooo cute. What I mostly like is the horses and pigs cause I like playing in the mud to. I love planting seeds. if you do not know I have two horses one is winter because she is white and the second one is Strawberry Miss cause she has a little of a strawberry color. I also have three pigs the first one is Miss Piggy and the second one is Lucy and the last one is pinky. my grandpa has the horses and the pigs I got them for my 6th birthday I know you might think that is too young well I am also nine years old.

Sincerely,
Imani

Dear farmers

I'm so sorry for your loss I hope you get your calves back in the next year or two. I hope you get your materials back to build your house remember no one fights alone! I hope your ^{new} crops grow back as strong as they ever have. I'm really sorry.

Dear fire fighters

I am so sorry about the fires all across
the state and cities. We thank you fire
fighters be strong whatever comes
your way. You people are hard workers
like most of every day. It must be hard
for you to have to face over there
to put out the fires. That's why you
are great workers and the fire fighters
sincerely

Dear friends

I wanted to tell you

I know how it feels

to lose a hen. I know

you lost a lot of

stuff and I'm sorry.

I hope some other
farmer's can bring you

some more. Your cattle will

be okay and so will

you. I hope you can have

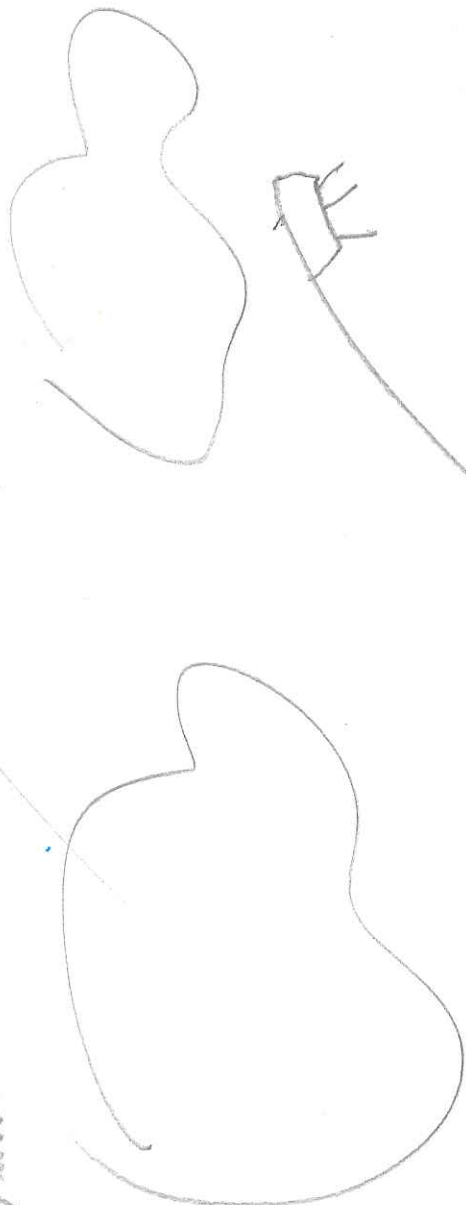

all of your crops back.

Dear friends,

I have wrote you this letter to let you know that I am sorry about the fires that have recently occured and the hard days you have been through. We can take this problem and make Kansas safer with what has happened.

Rain has been going on for a few days so you must be happy. Although you cannot replace your cattle right now we can start trying to regain that problem with this raining miracle to help plant crops again. This may be a sad time but remember: "Happiness can be found even in the darkest of times, if one only remembers to turn on the light." - Albus Dumbledore ⚡

Dear Friends,

I am sorry for what happened to you so I am writing you a note to help you get through this tragedy that occurred. I may not be from here or born in Kansas but I learned that farmers don't cry, so if you guys do cry it's for a reason that no one can put above. I am so thankful that farmers like you are here to feed our state. To thank you I wrote this letter to help you past what had happened but I think you should focus what'll happen in the future. You'll never know what you can achieve from what you have lost

Sincerely,

Baby

Dear, Fellow Ranchers,

I'm writing you
to let you know I am sorry for
the fires that have happened
near you. I hope you know I am
wondering about you right now. I
I've been through a situation like
this in Mexico where I am originally
from. I know it's hard.

Sincerely,

Martin
