Dear Firefighters,

I wanted to tell you that you are amazing for who you are and what you do for us. You are very helpful to our state. You are a strong person. What you did for us blowed my mind, how you put out the fire. I know it was hard to put out the fire. We all were counting on you and others to do this. I know you and others were going to succeed. I know you were strong during this.

Sincerely, Reagan

# Dear Friend

I wrote this letter to say I am truly sorry for this unfortunate event that happened.

I know how much you feel watching a horrible fire but I know you could have a better life and forget it.

It can be hard but try to look at the flowers and think about the good things in your life.

Sincerely  
Calvin

Dear Friends,

I am sorry for what happened  
over spring break. I am sorry  
you lost cattle in the fire.  
You know we are going to be  
with you and we are probably  
able to donate some hay. Whatever  
you do don't think about it and  
then you will feel better. I  
bet

Sincerely

Dear Friends,

I'm sorry for your losses. I just want you to know how sorry I am for what you had to go through. I'm amazed by how some of you put your life on the line to save your animals. Just be strong because I know how many of you people lost cattle and animals. I'm so sorry that Ashland had to go through that terrible fire. I'm so glad that the firefighters were able to stop the fire.

Sincerely,

Dear Firefighters,

Thank you for helping the people in Ashland and every where else the fire went. I was happy when every-thing was done. I still cannot believe they had to use the black hawk to stop the fire. Anyway, Thank you for helping you are very brave. I was told you had to use a controlled fire. I didn't know about controlled fires until yesterday. I wanted to say thank you.

Sincerely,  
Selena

Dear Ashland

I'm sorry you lost your cattle  
I wish I could do something to  
help you. I lived in Rhode Island  
and moved to Kansas when I was  
4 years old. I lived in Kansas for  
7 years. I hope you get more supplies.  
I'm still thinking about you, no matter  
where I am, I feel bad that you  
had to suffer that.

Dear, freinds

I am so sorry for your recent incident. I want you to know we are with you completely. It must be some hard times over there, and we hope it gets better. We want you to know we are thinking about you. We saw pictures and thought it was amazing how you put your cattle before yourself. Hopefully you get stronger not weaker from this. Together we can get through this. After living in Kansas most of my life I have come to notice that at times we aren't a great State but we are a good one.

Sincerely,  
Jayden
